

JRD UTILITY BESS

Grenada solar power system solution

50KW modular power converter

Overview

Grenada's latest outdoor power field project is redefining how Caribbean nations approach renewable energy. Located near Grand Anse Beach, this 18-acre facility combines solar arrays with advanced battery storage – a game-changer for island communities vulnerable to power outages. Join the energy independence movement by making your home fully self-sustainable with a solar power installation, and free yourself from rising energy costs with the help of hybrid inverters! Why Choose Lightwork Power?

What sets Lightwork Power Ltd. 's solar power installation apart from others in. We aim to empower Grenadians to move from energy derived from burning of destructive fossil fuels to renewable energy from sunlight. Start Saving Today! Reduced your monthly electricity bill. Hybrid Systems available with or without batteries. The system literally pays for itself—you just keep the extra. Most installers sell equipment. We specialize in designing, installing, and maintaining systems for reliable cooling, energy savings, and a cozy indoor atmosphere.
